LABORATORY DIRECTOR

March 21, 2018

To: Laboratory Personnel
Local Health Departments

From: Heather N. Colvin, BS
Laboratory Improvement Consultant

Subject: 2017 QC Year End Report

Below you will find the **2017 Year-End Report** for Quality Control of the GC-Lect media, performed at the State Laboratory of Public Health. This report serves as a summary of all accepted and rejected lots of GC-Lect agar plates and Type C Bio-Bags distributed to local health departments in 2017. In order to be CLIA compliant, this information must be retained with your QC records for at *least two years*.

After a lot of GC-Lect media has undergone quality control testing, a memo is sent to each county for their records informing them of the QC results. This is sent electronically via e-mail and also placed on the North Carolina State Laboratory Public Health public website.

If you have any questions, please contact Heather Colvin in Laboratory Improvement at (919) 807-8895.

Thank you,

Heather N. Colvin
